

Christoph Termin

Director – Advisory IT & Digitalisation

Role

Christoph Termin is a Director in the Advisory IT & Digitalisation division at Grant Thornton Switzerland/Liechtenstein.

Professional experience

Christoph has been with Grant Thornton Switzerland/Liechtenstein since 2019 and has over 14 years of professional experience as an IT specialist in both external and internal IT auditing as well as in advisory roles. He gained this experience at two Big Four audit firms and at Grant Thornton in Switzerland. He possesses broad expertise in risk-based IT and information security audits and has extensive experience auditing local and international companies of all sizes.

In addition, Christoph provides advisory services in the areas of information security (ISO 27001) and cyber security (NIST, NIS2, SWIFT CSCF/SIC ESP), supporting clients from both regulated industries and the industrial sector.

Professional Qualifications

Christoph is a Certified Information Systems Auditor (CISA), a PRINCE2 Practitioner, and holds a B.Sc. in Business Information Systems from HtW Berlin.

Languages

In addition to his native German, Christoph speaks fluent English.
