Why choose Switzerland?

Greatest variety in a small space and located in the heart of Europe – the perfect location for your company to grow. Political stability, a liberal economic system, a low tax burden and a very high standard of education are just a few of Switzerland's characteristics. Good governance and pro-business strategies make Switzerland an excellent investment location. This results in ranking number 5 in the World Economic Forum Global Competitiveness Report 2019 which takes into account the set of institutions, policies and factors that determine the level of productivity.
